

## IVY TECH

### **Licenses Issued Prior to Rules 2002**

Under the following conditions, the DPS will accept Ivy Tech coursework for the renewal of licenses issued under Rules 46-47 and prior bulletins:

- The institution must possess regional accreditation.
- The course work must be no older than five years from the date of application.
- The course work must be in Education, Information Technology, or in the major/ minor/ endorsement/ primary or supporting area of the content areas listed on the license.
- The course work must appear on an official transcript in order to be considered.
- All applications for license renewal using this coursework will be sent directly to the DPS.
- Acceptable course work may be used to renew instructional, administrative, and school services licenses.

### **Rules 2002 Licenses**

Any coursework completed at Ivy Tech with the intent of renewing a license issued under Rules 2002 must be incorporated into a Professional Growth Plan:
